Environmental Insurance

For 30 years **Accurate Environmental** has been providing **operational assistance and consulting services** for water and wastewater systems throughout Oklahoma. With a staff of **seven certified operators** and a **professional licensed engineer**, **Accurate Environmental Services (AES)** is well suited to provide an unmatched level of **service and support** to help keep your treatment systems **running efficiently** while staying in **compliance** with State and Federal regulations. The **knowledgeable and experienced AES staff** is able to **evaluate** your system, **identify** problem areas and **provide guidance** to get your system in compliance, and to help **stay abreast of regulation changes** that may affect your treatment processes in the future.

AES has an **Environmental Insurance** program to help your system keep up with required sampling, documentation, and optimize treatment processes. **Environmental Insurance** is a **monthly retainer program** that includes **experienced operators and engineers** providing **technical support** for operations and assistance with ODEQ regulatory reporting. **AES** also serves as a **liaison between the operators, administrators, and regulatory agencies** to help strengthen communication and understanding among the various people and agencies involved.

Here are a few of the program features that **AES** clients benefit from:

- **Monthly on-site visits**
- **Operational guidance and sample scheduling**
- **Process evaluation & troubleshooting**
- **Assistance with monthly and annual reporting**
- **Regulatory agency correspondence**
- **Represent client during agency inspections**
- **24-hr emergency assistance**

AES Environmental Insurance allows the operator to focus on the daily operations, while **Accurate Environmental** provides the **support and guidance** necessary for your system to run as effectively and efficiently as possible for years to come.

For more information about **Environmental Insurance** contact **David Kincannon, P.E.** at **(800) 516-5227** or email **David@accuratelabs.com**.
