Sep – PFAS Contamination  
Aug – Lab Skills Training

## Environmental Laboratory Services

Nearly 30 years ago, **Accurate Labs** was founded with the purpose of offering analytical services for drinking water and wastewater treatment plants in Oklahoma. Beginning with just two part-time employees, Accurate has grown into the **largest commercial environmental laboratory in Oklahoma**, with over 50 part-time and full-time employees providing environmental services to 16 states plus Puerto Rico.

Accurate Labs maintains state certifications through ODEQ and national certifications through the NELAC Institute and is equipped to perform **thousands of different analyses** on drinking water, wastewater, soil, sediment, and sludge. What makes Accurate Labs unique?

- **State-of-the-art** facilities and instruments
- EPA certified for **UCMR4** testing
- EPA certified for **Cryptosporidium** and **Giardia** analysis
- ODEQ certified for **Radiological** testing services
- **The only commercial lab in Oklahoma** fully certified for drinking water analysis
- Comprehensive field and sampling services, as well as sample pick-up routes throughout Oklahoma
- **Three full-service labs** in Stillwater, Tulsa, and Oklahoma City
- Lab managers with **over 20 years of professional experience**
- **Unsurpassed customer service**

**Accurate Labs** has grown beyond laboratory services into Accurate Environmental, with five divisions: **Laboratory Services, Field Services, Engineering Services, Laboratory Supplies, and the Training Center** — all under one roof.

**Call (800) 516-5227 for more information about Accurate Environmental's wide range of services or, check us out online at [www accuratelabs.com](http://www accuratelabs.com).**
