

Accurate Environmental
Training Center – Stillwater, OK

Only 3 Weeks Left!

There are only three weeks left to get your 4 hours of renewal training before July 1st. All licensed operators and laboratory technicians are required to have taken at least 4 hours of DEQ approved training between July 1st and June 30th each year, in order to renew their licenses. **Accurate Environmental Training Center (AETC)** still has a few classes available in Stillwater and Tulsa for anyone that has not met their annual training requirement, yet. All AETC classes are **DEQ approved** and can be used to fulfill your **renewal training** requirement. There are **morning and afternoon sessions** available to help make scheduling your training simple and convenient for even the busiest operators and lab techs. Experience **top quality training** in **state-of-the-art classrooms** with the most **knowledgeable and experienced instructors** in the State at **Accurate Environmental Training Center**.

The remaining June renewal classes are listed below for both Stillwater and Tulsa, but you can also view upcoming training schedules and even register for AETC classes online at www accuratelabs.com. For anyone that does not have internet access or would prefer to talk to someone about selecting a class or scheduling training, you can call **AETC** to speak with a **friendly and knowledgeable** person that can **assist you throughout the registration process**, including any DEQ paperwork that might be necessary. If you have any questions, or would like to register for a class, contact **Jeff Clarke** at **(800) 516-LABS** or email jeff@accuratelabs.com.
