Accurate Environmental Insurance

What is Environmental Insurance?

- On Call (24/7) Technical Assistance.
- On-Site Monthly Inspections by Qualified Engineers.
- Regulatory Reporting and Correspondence.
- Technical Engineering Services and Recommendations to Improve Plant Operations, Performance, and Efficiency.
- Enhance Communication between System Administrators, Regulatory Agencies, and Plant Operators.

Administration

- Liaison between System Administrators, DEQ, and Operators
- Plant Performance Updates
 - Reports
 - Notifications
- Regulatory Updates
 - Compliance Evaluation

Operations

- Annual Performance and Capacity Evaluation
- Troubleshooting to identify plant deficiencies
- Improve plant operation through recommendations, inspections, and monitoring

Accurate
Environmental

Regulatory Agencies

- Regulatory Reporting
- Compliance with state and federal regulations
- Response to DEQ inspections
- Engineering Report Preparation

Why Does Your System Need Environment Insurance?

- Ensure Your System Meets Regulatory Standards.
 - Safe Drinking Water Standards
 - Discharge Permit Limits
- Identify and Correct Treatment System Problems and Deficiencies.
- Rest Easy Knowing Your System has the Technical Knowledge and Broad Experience Acquired with Environmental Insurance.
- Allow System Administrators and Plant Operators to Focus on Day to Day Operations While Eliminating Concern Pertaining to Treatment Processes.

STILLWATER CLASSES

OCTOBER

13 – 16 "A/B" Water Operator
20 – 23 "C" Water Laboratory
27 – 30 "A/B" Wastewater Laboratory

NOVEMBER

04 – 06 "D" Water & Wastewater Oper
10 – 11 "C" Wastewater Operator
14 Open Exam Session #12151
17 – 20 "A/B" Water Laboratory

TULSA CLASSES

OCTOBER

10 Open Exam Session #12154
21 – 23 "D" Water & Wastewater Oper
29 – 30 "C" Wastewater Operator

NOVEMBER

07 Open Exam Session #12155
12 – 13 "C" Water Operator
21 – 23 "D" Water & Wastewater Oper

2014 OWPCA Short School

Another year has passed and it's time for the annual OWPCA Conference and Short School again. Each year, the Oklahoma Water and Pollution Control Association sponsors a week of operator training, awards and scholarships, and vendor exhibits. As always, **Accurate Environmental will have a booth in the vendor exhibit hall.** Accurate Environmental will have staff on-hand to **answer any questions you might have about operator training, laboratory services and supply sales**, as well as the **wide range of environmental services** they provide. Be sure to catch the **Quality Assurance and Quality Control presentation by Danny Chance at 9:00 AM on Tuesday, October 7th.** Danny is the **Technical Director for Accurate Labs.** He has a **Bachelors Degree in Cellular Biology with a Minor in Chemistry** from Northeastern State University. Danny has **over 16 years of professional laboratory experience.** He has been with Accurate since 2001 and has taught AETC certification classes since 2006. Danny maintains the following ODEQ certifications: A Water Lab, A Wastewater Lab, C Water Operator, and C Wastewater Operator. He is a primary instructor for the A, B, and C Water and Wastewater Labs, as well as the D and C Wastewater Operator classes.

Questions, comments, or suggestions? If you have a question or comment about something you've seen in our newsletter, or if you have suggestions about topics you would like to read about in future newsletters we would like to hear from you. Email your comments or suggestions to jeff@accuratelabs.com .

Accurate Environmental is one of the nation's most unique and comprehensive environmental service providers. They not only operate the largest commercial environmental lab in Oklahoma and state-of-the-art operator and laboratory training centers, but also provide laboratory supply sales, field and sampling services with weekly sample pick-up routes, as well as environmental and engineering services.

Accurate Labs is comprised of three full-service laboratories, including our headquarters in Stillwater and two additional labs in Tulsa and Oklahoma City. They provide analytical services for drinking water, wastewater, groundwater, soil, sediment, sludge, and hazardous waste. Accurate Labs is nationally certified through The NELAC Institute, and the only commercial lab in Oklahoma that is fully certified for drinking water analysis.

Accurate Environmental Training Center (AETC) is an award winning training center offering operator and laboratory certification and renewal classes at their classrooms in Stillwater and Tulsa. Using multiple instructors for each class, and various teaching methods, such as pie charts and standard formulas for math, AETC is able to tailor training to meet the needs of each individual student.

Accurate Laboratory Supplies (ALS) is an authorized Hach dealer that can save you valuable time and money on all your laboratory supplies, chemicals, and equipment needs with one simple phone call. ALS even offers FREE DELIVERY to clients along their routine sample pick-up routes.

Accurate Field Services, with a team of well-trained field service technicians, provides field and sampling services throughout the state for drinking water, wastewater, soil, sludge, and hazardous waste. Accurate Field Services also has weekly sample pick-up routes to provide their clients with a fast, economical, and safer way to get samples to Accurate Labs for analysis.

Accurate Engineering Services (AES) provides expert technical assistance related to municipal and industrial water, wastewater, solid wastes and biosolids, industrial pretreatment, and environmental site assessments. AES is here to help your system meet EPA and DEQ rules and regulations, improve operation performance, and reduce operating costs.
